	Save My Family	(Hailey) Attended Save My Family at North Star Charter, there were 82 attendees mainly parents, families, and some youth that came for the presentation. I had Terry volunteer with me, thank you. Great evening
	Costco Donation	and a majority of the attendees visited our booth. In the past year or so, businesses that would typically donate snacks to MADC have been donating less and less, so I reached out to Costco and they donated a
	Leadership Meridian	\$100 shop card for volunteer snacks. Thank you, Costco! Presented to the Leadership Meridian class (27 people), gave an overview of MADC and provided Parent Prevention Packets and other resources. Great
	FB Raffle	conversations with the class and MADC's Facebook also received a good amount of Likes and Follows after the presentation and we are super close to our goal of 1,000 followers. Once we hit 1,000, we'll do a raffle for one lucky winner. We need 11 more followers to meet our goal. Probably a raffle basket of some kind. I
	Recovery Day Speakers	wanted to touch base and see if anyone had any suggestions for Recovery Day Speakers, I plan on reaching out in the next few weeks to get the conversation started. ( <b>Anne</b> ) I heard a girl speak and she's in the Treasure Valley. ( <b>Hailey</b> ) Can you send me her info via email? ( <b>Anne</b> ) Yes.
4:10	Executive Committee, Sector Representatives (SRs)	SR Action Items: promote the Rx Take-back within your sector.
	Danielle, Youth Serving SR	<b>(Danielle)</b> No updates. ( <b>Kendall</b> ) I want to confirm; do you know if the agreement for Movie Night has been signed? ( <b>Danielle</b> ) I have not seen anything yet. ( <b>Kendall</b> ) I will follow up on that.
	Sydney, Youth SR: NH PSA Filming	<b>(Sydney)</b> We filmed the Natural High PSA on Monday and I am excited to see it. ( <b>Kendall</b> ) When is your last meeting? ( <b>Sydney</b> ) I will keep you posted.
	<b>David, Substance Abuse SR:</b> Behavioral Health Council Update	(David) Not much with <u>Behavioral Health Planning Council</u> as of now, the next meeting is April 12. I shared with Kendall that Oregon is dialing back their law to decriminalize all drugs. I saw they opened Medical Marijuana shops in Florida. Florida is looking at fully legalizing Marijuana. Saw an article that the Senate did not pass the dispensary advertising bill. I assume they want to make it broader. I was concerned after the Code Enforcement presentation, because they said don't know how many billboards there are? (Kendall) From my understanding, they know how many billboards there are but what they don't know when the lease is up for each individual billboard. The remaining billboards are grandfathered in to City code. (David)

Our mission is to strengthen our community through substance abuse prevention. Our vision is to build Meridian into a drug free community where people can safely live, work and raise a family.

	Maybe I was mistaken. (Anne) We know exactly where the billboards are, but it depends where the
	enclaves are. (David) I noticed in Caldwell that the billboard is not currently promoting Hotbox Farms.
Yoonwa/Kylee, School SRs: Absent	( <del>Yoonwa/Kylee</del> ) Absent
Jake, Religious SR	(Jake) Attended the Communities in Youth meeting. The Mayor has tasked me with a couple of items and
	there are great things in the works when it comes to approaching the churches from a community aspect.
	Working on getting surveys to address the problems within the community. Also, the Faith Ambassadors
	Council is working with Safer Families (Lutheran Family Network) to start working with foster families and
	how we can support them. The Meridian Moves project is still in the works and we will be having more
	conversations in regard to that soon. (Kendall) At the Communities for Youth meeting, hosted by West Ada
	School District, there were about 20 people and we discussed how we can come together as a community
	to help improve mental health for youth. Focus areas may be less cell phone use and more human
	connection. I think when possible MADC should collaborate with them because their mission aligns with the
	coalition. (Kati) Is this a collaborative group or what is it? (Kendall) It's a group that stemmed from a class
	project at the graduate level at Boise State University. The work is based on the Icelandic model and seeing
	how it can be integrated into Idaho. It follows a 4-step process working to identify 1-2 focuses based on
	community needs. (David) If you have more questions regarding the Icelandic approach, I have the contact
	for the organization in McCall that first initiated this in Idaho.
Earl, Parent SR	(Earl) No updates. The Fit Donut place is now a vape shop, which next door to the hemp place, Gold
	Nugget. I want to get with Code Enforcement and see if anything can be done about their advertising. They
	have advertisements posted on the sidewalks for everyone to see.
Robert, Law Enforcement SR: Absent	(Robert) Absent (Kendall) Robert found a USB charger that was modified to charge vapes. We're going to
	create a bulletin for this. (Christy) And they are using their school laptops to do that.
Brenda, Healthcare SR	(Brenda) It's surprising how anti-health care and anti-mental health/drug, legislators are when it comes to
	youth specific legislation. I want to plan an MADC field trip at Fyldaho. Fyldaho has not been super involved
	with prevention and I think MADC would be a great fit. Exciting to add prevention to what we are doing
	here. Region 4 Behavioral Health is making positive progress, other behavioral health boards are going
	through the same thing as our board. Down to 7 health boards that have contact with their agent, a lot of
	places are saying it is not a priority. When we talk about legislative topics and how to make a difference,
	these health boards are a good talking point. Looking forward to standing up and letting the Governor know
	what is happening to the money and how can we be helpful to other organizations. (Kendall) Keep us
	posted on all of that. As far as the MADC/FYIdaho field trip, how many people would not disrupt the flow of
	work? (Brenda) Youth are here Mondays, Tuesdays, and Wednesdays from 3PM-5PM, they come after
	school. So, 5-10 people, otherwise it's a work station and we can have as many people as you'd like. We can
	accommodate more if we do it before 3PM. (Kendall) You mentioned having a few flyers and I wanted to

Our mission is to strengthen our community through substance abuse prevention. Our vision is to build Meridian into a drug free community where people can safely live, work and raise a family.

	Kati, Government SR: Parent Webinars, IDFY Scholarships, PSA Contest	know amounts and which ones? ( <b>Brenda</b> ) Some parent ones and youth focused. If you have them digital I can send them. Probably about 30-40 resources. Some kind of education, appropriate for youth. It would be cool to teach them about the Natural High Campaign. They are the right demographic. ( <b>Kati</b> ) We're bringing some quit kits for the Rx Take-back day. If anyone is interested in quitting, it has all the resources for them. Second thing, a webinar, <u>Know Your Child's Neuro</u> , from Operation Parent. Really great information, you can watch them live or you can watch them on their website, talked about the different parenting styles and attachment styles. Another one coming up. Parents Against Vaping E-Cigarettes (PAVE) has a <u>webinar</u> out right now, good resource for parents and anyone in the community regarding vaping. IDFY summer camp program has different speakers that come and speak to youth and hope they can be leaders in their community. CDH is providing 5 scholarships, and have no applicants so far. ( <b>Hailey</b> ) Do you have social graphics? ( <b>Kendall</b> ) I'll share with Sahand to send out MYAC. ( <b>Kati</b> ) PSA contest for youth, 90 second vape contest, and a \$2000 prize. So far, no submissions, the deadline is April 1 <sup>st</sup> so hopefully we'll see some. ( <b>Hailey</b> ) Would the quit kits be relevant for the SROs? And how many could we get? ( <b>Kati</b> ) I can look into but probably about 100? ( <b>Hailey</b> ) Let me touch base with the SROs and see how many they would want. ( <b>Susie</b> ) I brought resources to show everyone for Red Ribbon Week. I'll keep everyone posted on supply and what my supplier is going to order this year. If there is anything you're interested in please let me know. I also brought our coloring book. The front cover is the poster from an Idaho youth contest winner. I brought a copy of our newsletter, we did law enforcement awards. Gave two awards to BPD Officers for their actions during the Boise Mall Shooting. Gave one to another officer for her investigating techniques. And one for the life-saving metal for r

(David) In regards to School Sector, would it be possible for one of the Vice Principals from the Middle School or High School? I know there will be a shift in admin at WASD. Maybe that would be a good way to fill the position? (Kendall) That's a great suggestion if we need to look at options to fill that position. (Kati C.) (Kendall) If we can shoot for April 1 <sup>st</sup> that would be great. (David) During the Rx Take-back they take back vape devices? (Kendall) Yes that changed within the last year or two, we don't get much. We always take them when participants do drop off vapes. (David) Do the schools know about this? A lot of schools have a "vape drawer." (Kati) I am not aware of any conversations with the schools. (David) Maybe we can push it on Peach Jar? (Hailey) Peach Jar is not around anymore, the new application for WASD's bulletin is S'More, we can post it there. (Kendall) I'll reach out to Yoonwa and Kylee. (Kati) I can reach out to Tiffany Meyers, she is really involved with stuff like this. (Kendall) Do the Right Fair on April 4 <sup>th</sup> at Meridian Middle School. MADC will be there and we'll have our Natural High Booth as well as resources for parents and families. This is posted on our social media and all other organizations are sharing as well. When we created the Parent Prevention Packets, we added the content from 18 in Idaho booklets. We now have a bunch of these extra booklets. If you know of anyone that would want these let us know. (David) Can I get some for my wife? (Kendall) Yes, I will grab some.
